DANCE ALLIANCE
PREPARATORY DIVISION – LEVELS & REQUIREMENTS

For classes in our Preparatory Division (Age 8+, Level 1+), a placement evaluation is **REQUIRED** for new students (existing students please refer to your email for a placement notification). This evaluation is simply your child taking a trial class so our instructors can determine the appropriate level. Placement classes will be held by appointment only. Please contact info@christiandancealliance.com to register. Below are the class requirements for Levels 1-6.

For dancers in Level 3+ who have other activities that periodically conflict with dance (i.e. fall/spring sports, 4H, musicals, etc), we are happy to offer private or small group lessons upon request to make up missed classes. These are available for an additional fee. Please note, failure to attend class regularly may result in a reduction of performance time or prevent promotion to the next level.

Please note, students over 18 or who have graduated high school are able to participate in classes and may opt to participate in the Spring Dance Production, but must understand that high school students will be given priority for roles. Additionally, students over 18 or who have graduated high school are not able to participate in Performing Ministries.

** Classes marked with an asterisk (*) do not have a dance in the Spring Production. These are technique only classes.*

***In the Fall Session, Tuesday Rehearsal marked with a double asterisk (**) will be for Performing Ministries, but in the Spring, that time will be for the Ballet Production piece. Level 2+ dancers who are not in a Performing Ministry will generally not stay for rehearsal during the Fall Session; however, there will be times such as the first 4 weeks of classes that we have everyone stay, and we will dedicate the time to special training or corporate worship.*

If you have any questions about requirements, please contact the Sarah Schatz, Director at (513) 374-0555 or info@christiandancealliance.com.
