Saturday Classes

- S 9:00-10:30 AM – Level 4-6 Ballet (Placement Required)

How do I know which class is right for my child?

Our goal in placing children in dance classes is to have every child in an age-appropriate and technically-appropriate level class where they will be comfortable but also challenged.

Age is the first criteria for class registration. If your child is **age 3-7**, she/he will not need a placement evaluation, and can immediately enroll in the appropriate class level based on age. If your child has never danced before, has a difficult time separating from you or following directions, we recommend defaulting to the lowest level that includes your child's age. For example, a 4-year-old who has never danced before should register for Dance Combo 1, but a 4-year-old who took Dance Combo 1 (or similar class) the previous year may register for Dance Combo 1 again or Dance Combo 2. Please keep in mind that it is acceptable and not unusual for a dancer to repeat the same level for more than one year.

Technical ability is the second criteria for class registration. Therefore, if your child is age 8+, and would like to enroll in our **Preparatory Division** (Age 8+, Level 1+), a placement evaluation is **REQUIRED** for new students (existing students please refer to your email for a placement notification). This evaluation is simply your child taking a class so our instructors can determine the appropriate level. Placement classes will be held by registration/appointment only. Please contact info@christiandancealliance.com to register.

Classes in our **Recreational Division** do not require a placement evaluation. Simply register by age and dance style.
