## SPRING DANCE PRODUCTION

**Saturday, May 2, 2026**

Spring Dance Production Fee \$135 (1<sup>st</sup> class, per child).  
\$85 (per additional classes per child)

## *How do I know which class is right for my child?*

Our goal in placing children in dance classes is to have every child in an age-appropriate and technically-appropriate class where they will be comfortable but also challenged.

**Age is the first criteria** for class registration. If your child is **age 3-7**, he/she will not need a placement evaluation, and can immediately enroll in the appropriate class level based on age. If your child has never danced before, has a difficult time following directions or separating from you, we recommend defaulting to the lowest level that includes your child's age. For example, a 4-year-old who has never danced before should register for Dance Combo 1, but a 4-year-old who took Dance Combo 1 (or similar class) the previous year may register for Dance Combo 1 again or Dance Combo 2. Please keep in mind that it is acceptable and not unusual for a dancer to repeat the same level for more than one year.

**Technical ability is the second criteria** for class registration. Therefore, if your child is age 8+, we recommend a placement conversation or in-class evaluation. Most classes in our ***Recreational Division*** do not require a placement evaluation, just register by age, dance style and ability level. If we find that your child is not in the most appropriate class for her/his age or experience, we will make the necessary adjustments.

**For classes in our Preparatory Division (Age 8+, Level 1+)**, a placement evaluation is REQUIRED for new students (existing students please refer to your email for a placement notification). This evaluation is simply your child taking a class so our instructors can determine the appropriate level. Placement classes will be held by appointment only. Please register by contacting [info@christiandancealliance.com](mailto:info@christiandancealliance.com).
