**\*Note on Ballet Slippers:** please ensure that you purchase actual ballet slippers (see image). Some retail stores sell house slippers marketed as ballet slippers. These are not acceptable for class and are slippery. We recommend leather ballet slippers as they last longer. Shoes and other dress code items can be purchased at Diana’s Dancewear in Blue Ash or VeraNova in Mason. Please do not purchase ballet slippers at Target as the color and quality are not good.

**\*Note on Dance Attire:** all dance attire should be modest and professional in appearance. Instructors reserve the right to require modifications to a dancer’s apparel. Repetitive failure to follow the dress code may result in a student being asked to observe rather than participate in class.
